Page Last Modified: 08/16/2021

Summary & Background

LA FARGEVILLE CSD 221401040000

SUMMARY & BACKGROUND On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#). Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#). **Project Period** March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024. **Project Number** The project number stem for the program is: *ESSER: 5880 - 21 - XXXX*. This number should be used on the appropriate FS-10 budget form. **Submission Deadline** Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis. Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS The federal ARP statute requires SEAs to reserve:

- not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

ARP-ESSER LEA Base 90% Allocation - Plan Development and Dissemination

LA FARGEVILLE CSD 221401040000 Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below. **NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.**

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students. Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.

1. The District began by holding information and brainstorming sessions with stakeholders, including students, families, school and district administrators (including special education administrators), teachers, principals, school leaders, other educators, school staff, and their unions.
2. We then broke down into two subcommittees, an elementary and a secondary team, who reviewed and prioritized the ideas from the brainstorming sessions.
3. A third session was held with a shared decision making committee consisting of people from within each stakeholder group, including students, families, school and district administrators (including special education administrators), teachers, principals, school leaders, other educators, school staff, and their unions. This committee developed and prioritized their own ideas, combined them with the ideas from the prior meetings, and prepared a presentation for the BOE.
4. At a BOE meeting, the plan was presented to the BOE by representatives of this committee and a discussion was held.
5. A public hearing was held and the proposed plan presented so any interested parties from the District had an opportunity to share their thoughts, concerns, and opinions.

Included in each of these steps, meaningful consultation happened with the following people: Director of Special Education, Chairperson of the Committee on Special Education, Homeless Liaison, and Administrators who oversee migrant, foster care, English learners, children who are incarcerated, and underserved students. As we implement this plan, we continue to engage with all stakeholders, including students, families, school and district administrators (including special education administrators), teachers, principals, school leaders, other educators, school staff, and their unions through monthly shared decision making committee meetings (CDEP) that include updates and evaluation of the implementation of the plan.

2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.

Our Plan will be available on our District website: <https://www.lafargevillecsd.org/Page/1433> For those who request the plan we will either send them an electronic copy, will make a hard copy available at our main office, or will mail them a copy as needed.

3. **In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

The District will be using a portion of its ARP-ESSER allocation in conjunction with ARP State Level Reserve funding to hire three additional teachers to support reduced class sizes for in-person learning.

4. **In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

Both class grades and an analysis of interim exam data in core subject areas given at all grade levels (K-12) throughout the 2021-22 school year combined with a cross comparison to previous years will be used to determine learning loss and will also be used to identify student needs and monitor student progress prior to programming and after programming has begun. In order to support students our planned interventions include: afterschool tutoring availability at all grade levels, afterschool counseling sessions at all levels, Sources of Strength Activities, Positivity Project Activities, Character Education Activities, and additional afterschool activity development based on student interest surveys.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

We will create additional academic and social emotional learning activities through afterschool and summer school programming for students at all levels. Counselors, teachers, and teacher aides will be hired to engage students in all types of activities including but not limited to tutoring, enrichment, and socioemotional activities. These opportunities that have never been able to be offered in our district at this level will assist in filling the gaps left by lost instructional time during the COVID pandemic. Stipends will be paid to administrators and support staff who will supervise such programming.

6. **In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

-Classroom furniture that is more modern to create a collaborative student-centered learning environment. -Outdoor furniture to facilitate seating for summer school and outdoor activities. -Continue employing instructional staff at current staffing level. -Fitness equipment to support not only the physical education department but to support students social/emotional well-being. District fitness facilities will also be open for community use. - Document cameras for all classrooms to aid in remote instruction and creation of standard technology across district. -2 camcorders with accessories to film sporting/extracurricular events to be presented on district site for community viewing as access to events is restricted due to pandemic. - Remaining funds will be spent on allowable support and materials to address learning loss during the school day and afterschool programming.

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

All students in our District will have smaller class sizes leading to increased individual attention in the classroom. Additionally, all students will have the opportunity to participate in tutoring, enrichment, counseling, and SEL activities in the afterschool setting (transportation provided). Specifically, academic data, teacher recommendation and student surveys will be used to determine these activities. Special consideration and focus will be given to students who have been disproportionately impacted by COVID-19 and showed significant learning loss and/or SEL concerns including, but not limited to: students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction**

Page Last Modified: 12/09/2021

ARP-ESSER Return to In-Person Instruction

LA FARGEVILLE CSD 221401040000 Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment). The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials. The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services. LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent. **NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).**

1. **In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

Our plan will be made available on our District Website: <https://www.lafargevillecsd.org/Page/1434> For those who request our plan, we will either submit it to them electronically or have a hard copy made available at the main office or mailed to them if needed.

2. **An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations. In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) its plan for in-person instruction, including a description of how public comment will be collected.**

Our plan remains to be fully open and completely in-person. Our plan was shared with the public via a public forum. Our administrative team and BOE will review this plan biannually at BOE meetings during public session allowing the public to participate and share any of their thoughts on changes that should be made.
